

# Walkers Dismissal

There are two ways to manage students who walk home

## Model 1

### Step 1

A teacher uses the Walker setting to register students as they leave the school.

### Step 2

As students leave the building, their number is registered on the app.

## Model 2

### Step 1

A teacher "checks-in" parents using their family assigned number.

### Step 2

Teachers check-out the student and sends towards their assigned exit.
